

BUSINESS RADAR

Silent Filter

Do you want to experience Business Radar in a way that does not include presentations or facts? Try playing Silent Filter at our stand or send us a message.

About Us

If you work with other companies, it's important to spot risks early.

Our tool brings all important info together, so you don't waste time searching.

This helps you stay ahead and make better decisions.

Come by our stand or contact us for more info!

Alerts

Get an alert in your inbox if something negative is said about a company or person in the news.

Sanction checks

Check to see if someone is on a list of people or companies with restrictions.

PEP check

Find out if someone is a risk to do business with.
